Compact and flexible baler - fits where you need it!

Orwak 3110 is perfect for companies with small amounts of packaging waste. The low height in combination with the small footprint make Orwak 3110 fit where you need it to be! It is a small but effective baler and it gives a volume reduction of 7:1!

Adjustable bale size

The cardboard bales weigh up to 50 kg and are easily handled with the Orwak bale trolley. Orwak 3110 offers adjustable bale length in three different sizes for more flexible waste management.

Autostart for efficient compaction

An autostart function allows the baler to start compacting the material as soon as you close the door.

Pocket for operating manual

Transparent covers for strap reels

Integrated door lock handle

New aesthetic design

Silent operation

Due to a new type of hydraulics, Orwak has introduced "the silent family" - a line of balers with low sound emission. A silent operating machine contributes to a better working environment.
